S = Spring, F = Fall. Volumes 85 and earlier are paper preprints with the official title "Polymeric Materials: Science & Engineering, Proceedings of the American Chemical Society Division of Polymeric Materials: Science & Engineering." Volumes 86 and later are CD preprints with the official title "PMSE Preprints." Volumes 84 and later are also published via the ACS Preprints Server.

\*\*A new 13-digit ISBN number system was initiated in 2005. Both "old" 10-digit numbers and "new" numbers are given. To convert other *PMSE Preprints* volume ISBN numbers to the new system, see: [www.isbn.org/converterpub.asp](http://www.isbn.org/converterpub.asp)

# The ISSN no. of PMSE Preprints through vol. 92 is incorrectly given on the book / CD as 074-0515. The correct no. for volumes through 85 is 0743-0515. Beginning with v. 86, the ISSN no. was changed by the Library of Congress to 1550-6703 due to the new title / format. However, CAS database records retrieved from 2002-2005 listed the ISSN as 0743-0515 for all volumes.
